CHOICES & ILLUSIONS

Dear Spirit Family,

Imagine witnessing a terrible accident in which your brother's precious body is mangled and covered in blood, and though he remains conscious, he's terribly frightened. You know the swiftest way to obtain help is to take him to the emergency room yourself. But when you arrive, the trained staff of physicians and nurses see the gore and blood, tangibly feel your brother's fear as he cries out in pain, and instead of moving into action with their previously acquired skills, they engage in reaction and fear themselves, running from the room, screaming in panic. The idea seems ludicrous at best, doesn't it?

You are the trained physicians and nurses, my dear ones! You, as light workers, have spent a great deal of time building (remembering) how to use your heart as your new navigational tool, how to self-generate the substance of Love in your Twin Flame Heart Womb, how to see past the duality to the only thing that is real: LOVE!, and how to hold the mirror of love's perfection before every single illusion. The "air crew" is reminding me how critical it is to use the skills and strengths you have acquired Right Now. You have built these spiritual muscles gradually, but your strength is now being recruited. This is not the time to sit idly by or to give permission to engage in the illusions yourself. Rather, this is the time to make a CHOICE every single now moment to dissolve the ILLUSION of separation and duality consciousness.

Yes, the economy is tanking and governments are wobbling, and health care issues are high, and relationships are in chaos, and all other necessary changes to bring life on planet earth into a new paradigm are lining up, literally forcing us to make a CHOICE! People are afraid and panicking. But if you, the light workers, engage in the illusions of survival consciousness, you will only attempt to create from within duality once again and you will not and cannot effectively create from there anymore!

So when it is suggested that you continually bathe yourself in the consciousness of making a CHOICE for the real, instead of the ILLUSION of duality and separation, I would hope you'd avail yourself of the opportunity at every turn of the hand. Without the habitual exercises that take us to true heart perception, it is far too easy for today's subliminal bombardments to seduce us back into the slumber of the old paradigms.

Last week I told you about Women for Women International and Dr. Eldon Taylor's book, *Choices and Illusions*. I rarely recommend other's works, but I am asking you to pay attention.

I certainly know you're busy, but if you've not yet had a chance to look at this inspiring program, I strongly urge you to do so right away. As mentioned last week, there is an unprecedented gift for you just for looking at Eldon's special web page. There you'll receive a smorgasbord of information from many of today's leading luminaries. Don't let

a single day pass without placing your conscious attention upon those things you wish to create through the heart field. That means reading works of the highest vibration, watching films that inspire and lift, and turning off the constant barrage of the fear generating impulses that are delivered through our 24/7 news programs on the internet and television! Staying informed is only of value if you negate the impulses of duality before you with the real of love.

With an all encompassing heart of love, I surround you, and remind you
Only Love is Real!
