

## Holy Relationships:

We couldn't expand as souls without the opportunity to see ourselves reflected through relationships. And... **all** relationships are reflections that help us see ourselves clearly. They exist not only to allow us to witness our evolvment into a loving, compassionate, intelligent and beautiful being, but also to see our frailties and where we hold judgments. All relationships reflect the "Whole-I" and are, therefore, Holy.

When you first hear your heart calling for your Beloved Twin Flame and you begin to dissolve ego's misinterpretation of love, the first call to action is to see your Beloved in all relationships. As you begin to see the heart of God in everything, you **become** the very vibration you are seeking in your Twin Flame. This, in turns, creates the magnetic attraction to draw to you the reflection of the most "Whole-I" relationship in the form of another human.

This shift to heart perception is easy and the choice to see through this lens is one you make every Now Moment. Soon, it becomes habitual and a critical energetic mass is reached, creating the proverbial tipping point for consciousness. Use your full arsenal of "tools" to achieve this...be it in the form of engineered meditations, daily reading of those works that keep your attention in your heart, music and movies to focus on your self-empowerment, and daily prayer and consultation with your I AM Presence. Break ego's barriers every time it tries to put them up. Shift to heart perception with each in-breath, receiving the purest love from the Ongoing Moment of Creation. With each out-breath, emanate that love magnified from your own heart to All That Is.

Romancing The One will draw that magnified love back to you a thousand fold!

Only Love Is Real!
