

To My Beloved Spirit Family:

Gratitude is always the doorway to love. Thanks-giving is not a word to describe a single day of the year, but, rather a state of consciousness that, if held as a daily focus, will work miracles in your life. There is no swifter way to shift from lower to higher mind than to deliberately move into a state of gratitude about something or someone. That being said, may I take this opportunity to extend my gratitude to each and every one of you with the greatest love of my Twin Flame heart _ for your individual and collective awakening *is* returning the world to love.

I invite those of you with an interest in learning more about **Twin Flames and Sacred Sexuality** to join with me tonight on *Love by Intuition*, with host Deborah Beauvais. (Information on this and other upcoming shows are listed at the bottom of this message)

During the next month we will investigate this subject in more depth both through radio programs and my newsletter. Many of you have questions you may wish to pose and you may send them to me at heartflame@infowest.com. Please post the words “Sacred Sexuality” in the subject line. I will attempt to cover each of your questions during the upcoming month.

Namaste,
Angelina Heart

SACRED SEXUALITY **The Primal Forces of Creation** including excerpts drawn from an article of the same name By Angelina Heart & Yael Powell

Separation consciousness and belief in lack are the defining characteristics of lower mind, or ego. Because these traits are so engrained in this illusory schoolhouse of duality, we have become predatory in almost every aspect of our being. Relationships have been sought as a form of completion rather than a reflection of our perfection, and our magnificent co-creative powers through union of the primal forces of creation have been distorted and twisted beyond recognition. Mankind focuses on sexual energy in a superficial way; perceiving it as a commodity; as something one “gets”. Lustful, selfish, “getting” fantasies of love *are* the diametric opposite of true sexuality. With these misconceptions we have robbed ourselves of the true joy of sacred sexual union, for Love is “*giving,*” always.

The primal forces of creation are present at every single level of life and are, in fact, sexual in nature. Every galaxy, planet, star, and life-form in existence, from the macro to the microcosm is born of sexual union; the interaction and fusion of the two primal energies – the Di-

vine Feminine negative charge and the Divine Masculine positive charge. The term “lovemaking” used to describe sexual union between partners is actually a literal cosmic translation; *Making love*—making *more* of the substance of love. The goal of a sacred sexual union is to reconnect to the Ongoing Moment of Creation and requalify the vibration of light in the electron, then return it to this dimension and deliver this higher vibration of love to all creation. This includes all new creation brought forth from the Twin Flame union. Through the cosmic law of vibratory resonance, we can literally attune every atom to its *true* state and love this world free of the illusion of separation and duality consciousness.

To achieve this, one must be love-making with the full complement of their Twin on some level. Coming together as Twin Flame energies in Love-Making, we become star-gates that bridge Heaven and Earth as God’s energy moves through all our chakras, delivering this love continually, and thus we expand God through our creations. This is our true nature, for we are the very heart cells of God, and as holograms of the Source, are limitless creators of a sexual nature.

The time has now arrived for the Great In-Breath of God, where the splinters of the Twin Flame selves are being magnetically drawn back to their Oneness. The encoding within the DNA as regards our at-one-ment with both God and our Twin Flame has been activated and hearts are longing more than ever to join with the other half of their heart in a tangible relationship. But once you are aware of your Twin on *any* level of consciousness, (be it in dream-state, in the etheric, or just by knowing they are there,) you can begin love-making. Those who are sensing with some urgency the “call” to reunite are on the leading edge of an inevitable shift of consciousness for all humanity, and have an opportunity to provide a most holy service at this time of “awakening.”

Sacred Sexuality is the Sacred Alchemical Marriage; the Holy Grail. To achieve this is to touch in perfect love, to see in perfect love, and completely open every particle of your being to giving perfect love, firmly establishing God at the apex of your union. Your Twin Flame union *is* the holy of holies, within which you have the ability to heal the fabric of this world and return it to its glory. It is only as we become love that love will become what we see and what we live. It is now time to awaken as the fully grown Adam and Eve, loving all that is in our keeping.
